LN.S. 2004 Computer Yearbook

Our 2004 computer yearbook will feature new activity pictures and more growing up pictures. Also, better music quality will make the movie more enjoyable to watch. We will need video clips (up to 3 minutes) for each of the growing up videos. If you would like to have additional pictures in your growing up video you can. I have all of the pictures from the last yearbook.

Local Flooding of River Front Property

On Sunday, June 13, 2004 massive storms and flooding occurred. Water in back yards reached about 7 inches high and covered a large portion of the yards. Then by Monday morning, most of the water had drained. The rain covered John's garden, bottom deck of the fort, and reached to the swing set. Power in parts of Lima was knocked off by the lightning for a few hours. In Sherwood Park, however, the power remained on.

"Ask Jenna"

Reported By: Jenna

Q. Dear Jenna. What is the smartest pet?

Signed. Needs Pet Help.

A. Dear Needs Pet Help. That could be based on anyone's opinion. My personal choice is the parrot. It can learn at least 100 words! Have you ever heard a parrot talk? Jenna

Q. Dear Jenna. I want to run a sports camp but I don't know if anyone will come. I also don't know if I should charge money or not. Signed. Camp Blues.

A. Dear Camp Blues, The cause of this camp is important. If you are doing it to raise money for something go ahead and charge. If you are doing it to help the kids and have fun then don't charge. Also for publicity ask kids around you if they will come. One more thing, you need workers! Have fun, Jenna.
